

Choose the IRA that meets your needs.

Know your IRA options using this quick reference to traditional IRAs, Roth IRAs and Coverdell Education Savings Accounts (ESAs).

The chart inside highlights the details and advantages of the accounts. If you are eligible for a traditional IRA and a Roth IRA and are still unsure which account is right for you, follow these general rules-of-thumb:

1. Choose a Roth IRA if you don't need the tax break right now. It's a more flexible investment because:
 - a. You can withdraw regular contributions at any time, tax-free and penalty-free.
 - b. You do not have to take mandatory distributions at age 70½.
2. Choose a traditional IRA if you want the tax deduction right now. It also makes sense if you anticipate paying taxes at a significantly lower rate in retirement.

Also remember, Coverdell ESAs offer tax-free distributions and, unlike section 529 plans, can be used for elementary and high school expenses at most public, private and parochial schools.
